

SMC Tenants & Employees

December 2012

The Station Medical Center is pleased to provide this flyer as a means of sharing important information with our tenants and their employees. We hope you find the information to be of interest.

TOBACCO-FREE FACILITY Important News: Station Medical Center will become tobacco-free **January 1st, 2013**. Use of all tobacco products will be prohibited. The smokers chimneys that had been located throughout the property have now been removed. As a premier healthcare facility, we endorse this new policy. Thank you for your cooperation and support.

"Everything You Need to Know"

www.stationmedicalcenter.com

Station Medical Center is pleased to announce our new website and hope that you will check it out. It has a lot of interesting information about our history, the transformation of the building over the last decade, and the valuable services we provide Altoona and Blair County communities. It also includes updated information on employee parking. Check it out!

Station Medical Center will be sponsoring a blood drive January 15th from Noon-6pm in the ARHS Conference Room. Due to critical blood shortages being experienced at this time we are hoping everyone will donate.

Please pre-register @ www.redcross.org.
