

# Vehicle Registration

Station Medical Center requires all tenants to register their employee vehicles.

Further, all employees/tenants must display a Station Medical Center parking permit and park in the designated employee parking areas (see inside). This permit should be displayed on the windshield.

We monitor for employee use of “customer” parking. A warning will be issued for the first two occurrences and records kept on file. The next violation will constitute a \$10 surcharge to your employer/SMC tenant.

Please contact the Station Medical Center office @ [SMCoffice@verizon.net](mailto:SMCoffice@verizon.net) to obtain a parking permit.
